RE: Protest of RFP-37310-1/12/10-EMW [CSE P2335]

Dear Mr. White:

I am writing to withdraw our firm's protest of the above-referenced procurement for beach monitoring services. While CSE does not believe it should be competing with universities and student labor for projects of this type, we are withdrawing our protest so the State can resume data collection at the earliest time.

Thank you for your attention.

Yours truly,

Coastal Science & Engineering (CSE)
